

# The Dark Guardian

First Responder Mental Wellness

FREE FOR AGENCIES

## Wellness that respects the code of silence

A private, zero-account mental wellness toolkit built specifically for first responders. Breathing exercises, grounding protocols, crisis hotline directory, and anonymous mood check-ins — all on-device, no login, no data leaves the device.

### Zero Data Collection

No accounts, no servers, no telemetry. Everything runs entirely on the device. We cannot see what you do.

### Instant Access

No login, no download, no app store. Open the link and use it immediately. Works on any phone or browser.

### CISM-Recommended

Built for CISM teams to deploy. A force multiplier your team can recommend with complete confidence.

● Box Breathing & 4-7-8 Breathing exercises

● 5-4-3-2-1 Grounding protocol

● Post-Call Decompression protocol

● Shift-Sleep Reset & Cognitive Reframe tools

● Pre-Shift Tactical Reset for mindset readiness

● 24/7 Crisis Hotline Directory (national & peer-support)

● Anonymous mood check-ins with session history

● Searchable resources directory

### Privacy by design — built for a culture of trust

No accounts. No login. No tracking SDKs. No cookies. No fingerprinting. No data ever leaves the device. Zero data collection means zero liability for your department — no FOIA exposure, no court challenges, no privacy concerns. Your people will use this because they know it asks nothing of them.

### How to Deploy

- 1 Contact us — we'll set up a private deployment link for your agency
- 2 Share the link with your personnel — no download, no account required
- 3 Use it anonymously — all tools run on-device, zero data transmission
- 4 Optional: anonymized aggregate trends for department leadership (opt-in only)

### Bring The Dark Guardian to Your Agency

No cost. No commitment. No catch.
